

Bradninch Together

Offering help and support, Neighbour to Neighbour

Bradninch Together is a community group covering the Parish Ward of Bradninch and Hele. It was established to support residents during the Covid-19 pandemic.

During the Spring 2020 lockdown and up until the middle of August, over 150 local people carried out over 600 acts of kindness for our neighbours across the town: we are good at collecting shopping and prescriptions! We cover the whole Parish with our 6 zones, each led by a Coordinator or pair of Coordinators.

As the country heads into another period of lockdown, we at Bradninch Together wanted to remind you that we are still here and that the offer of support is available to anyone in the area. You don't have to be classed as vulnerable: whatever your circumstances, please ask for help if you need it.

1. Practical help. Our volunteers can help with tasks like shopping, picking up prescriptions and dog walking. To keep us all safe, our volunteers will not come into your home, will always carry ID and will arrange their visit in advance.

There have been a few Zone Coordinator changes, and the new contact information is on the reverse of this sheet. If you are interested in joining our team of volunteers, please contact membership@bradninchtogether.org.uk

2. BradAid Hardship Fund. This is a new fund that can exist thanks to donations from local people and organisations. The fund gives and receives. We offer grants of up to £50 to help residents of Bradninch and Hele experiencing hardship to meet an immediate need. The application is simple and confidential: you can apply via the website www.bradninchtogether.org.uk or using a form from St. Disen's Church Hall porch.

If you would like to support our fantastic community in this way, donations can be made by bank transfer using the account details overleaf. They will be treated anonymously unless you tell us that you or your organisation would like to be named on our website..

3. Information. We have a website at www.bradninchtogether.org.uk There you will find latest news and information about projects we are running. You can also find us on Facebook and Instagram.
